Mr. William Hamilton
Director, Office of Systematic Review
Bureau of Administration
Department of State
Room 1239, New State Building
Washington, D.C. 20520

Dear Bill:

We have reviewed the draft of your "ADDENDUM TO THE GUIDELINES FOR SYSTEMATIC REVIEW OF DEPARTMENT OF STATE RECORDS DATED 1950-1954" titled, "INFORMATION/PROPAGANDA ACTIVITIES," and would suggest only one possible addition:

Beginning at least by 1951, the Department of State and CIA used the codewords ICEFALL [redacted] 25X1
to identify policy guidance and related correspondence concerning [redacted] including propaganda. Specifically, 25X1
they were used on correspondence between Washington and the field in Southeast Asia and may have been used in other areas. During the earlier years the correspondence, in the form of cables, was handled via CIA communication channels with incoming messages forwarded to the Department by memoranda. Later, the cable messages were simply retransmitted to the Department. (C)

It is requested that if any of this material is found that it not be declassified without CIA coordination. (U)

Sincerely

[redacted] 25X1

Dear Stan:

As agreed during our phone conversation on May 24, I am sending a copy of a proposed guideline statement for declassification reviewers on "Information/Propaganda Activities."

I would appreciate your review of this draft and an indication whether its formulations cause any difficulty.
